#### A. Call to Order

Chair Wise called open session to order at 7:00 p.m. and reviewed the agenda.

## B Mr. Brandt moved, second by Ms. Nazzaro to approve taking out of order item D2, Literacy Update Pre-RAAC.

Dr. Hardy discusses the progress of the Literacy Leadership Team (LLT) and refers to presentation ARC Core Curriculum Adoption. Present LLT members were introduced, and Dr. Hardy expressed appreciation for all the time dedication of this team.

Dr. Milaschewski -The goal for all students to be grade level readers. There is a new understanding of literacy practices. The district needs to align with what best practice is showing. In addition, we must align with DESE practice and teachers having demands being placed on them all in the context of teaching in pandemic make using the current curriculum difficult. Our students are in all different places. In addition, the grant funding also played a part in this decision; \$200,000 available for us, but we needed to move fast.

Dr. Hardy-Curriculum adoption is a process. We are in the "investigate and select process" phase. The LLT has selected ARC Core- American Reading Company. "ARC has a clear goal all children become independent, successful readings, writers and thinkers and feelers" it focuses on the whole child. Brief Overview includes Foundational skills- independent practice time, and scaffolded learning, and targets speaking and listening standards as well.

Ms. Leavitt- MA CURATE is a rating system by educators. Across all areas ARC had the highest ratings. It was the 2017 version and there have already been adjustments to the newer version that we would receive.

Dr. Stys- EdReports Rating- Every category had top rating at the "Meet Expectations" range.

Ms. Limauro- ARC Core aligned with our Goals- Assessment is a huge part of this program.

Students are engaged and excited to learn. LLT members who visited a school that was using ARC were excited to see the students engaged with this curriculum. Writing is also embedded and writing several times a day. Ms. Limauro added that speaking and listening is crucial to be embedded in a literacy program, and with this program it is.

Dr. Hardy describes how RPS will implement the program. This will occur in the upcoming school year, implementing in grades 3-5 first. Second grade is a focus for us, and we are examining the learning they have been missing due to the pandemic. Next year we will be implementing the new math program a well, so we will implement the new literacy program in 23-24 for K-2. For the upcoming school year, the foundational skills will continue with the K-2. Professional Development is embedded with this program. Professional development will include coaches and building leaders being trained as well. By 26-27 school year, we will be fully up and running.

Different team members explore the 5 criteria and compared against two other literacy Programs: *MyView* and *Wisdom*. The five criteria are: Student Engagement, culturally Responsive, Access for all and Equity Centered, Content, Assessment and Teacher Accessibility.

Dr. Joanne King wrapped up with expressing her view of the value of this program and that this is the recommendation of the group. The professional development for teachers and how the principals are embedded in this training is a big positive of the program. "Reading needs to invest as much in its teachers as it does in its curriculum"

Ms. Bottan reviews the estimated costs of the program, years 1-4 and then year 5 and beyond.

#### **Next Steps-**

Dr. Hardy- The group examined other literacy programs. In looking at other programs, the cost was approximately the same when the same products were offered.

- Secure the funding and examine what the launch plan looks like.
- Dr. Milaschewski discussed the framework proposed by the RAAC committee.
- Why CORE curriculum in response to the pandemic? A strong tier one curriculum can help ensure our students have access to the best materials.

Mr. Brandt- expressed gratitude to the literacy team. Comprehensiveness of curriculum as well as embedded Professional Development is valuable.

Ms. Nazzaro- liked the component of the oral and written language. What does the 10-15 PD days look like and who else is in the room for the leadership series training?

Dr. King- Reading has in the past provided professional development. Everyone will have the same opportunity to participate in the PD. It will also give us an opportunity to evaluate our assessments.

Mr. Robinson- expresses the sentiment of liking this "boots on the ground" approach, and that this decision is not coming from the top down. Mr. Robinson questions the large range of the cost for the sustainability. Ms. Bottan explained that the \$43,000 accounts for the digital cost. The rest of the range is for the rest of the supplies. Some materials are used frequently, and others are not. Additional dollars are for enrollment and cohorts. This is a high estimate.

Ms. Gaffen-The enthusiasm is infectious. You have accomplished a lot in a short time. Ms. Gaffen expressed that she likes that this is all encompassing. Having it all embedded makes it more worth the price tag. Differentiation was mentioned a few times and is vital to teaching. It sounds like this system will allow us to differentiate and that is it culturally responsive. The tie into science and social studies a is a benefit as well. If the student is an advanced reader, will this curriculum address the needs of that student? Dr. Hardy responded that it does because it this a project-based curriculum. The commonality is that they are examining the same content area, but that the text can be customized for students. Another question is: Teachers have not had enough time to collaborate with other teachers across the district. Will there be opportunity for all one grade of teachers collaborate? Dr. Hardy: We will be able to customize the PD, and 4 or 5 of these days will be virtual. This would allow for collaboration and alignment.

Ms. McLaughlin- Expressed excitement regarding the ARC program. Question: A digital library was mentioned; will we provide physical books as well? Dr. Hardy: Each classroom will receive up to 700 books. Part of this program are the home to school connection. These books will be going back and forth between school and home.

Mr. Wise- Was extremely pleasantly surprised with this choice. This ties in with the coaching for leaders and in classroom PD. We are learning from our past mistakes. All five essential components are in it. It is incorporating writing and embedded assessment. It does not solve everything but will be helpful for the educators.

Dr. King added that for the first time in eleven years that school committee members have come into the classrooms. She encouraged our school committee members to be in the schools and see what's happening. Dr. King appreciated them taking the time do this.

Mr. Wise thanked Dr. King for her willingness to invite the school committee into the schools.

- C. Mr. Brandt moved, second by Mr. Robinson to express the Committee's support for the funding required to purchase and implement the new ARC Core literacy curriculum as the schools' primary request for ARPA funding. The vote carried 6-0.
- D. Mr. Brandt Moved, second by Ms. McLaughlin to take out of order item E2 School committee letter to support \$25,000 earmark for the Robotics Program. The vote carried 6-0.

Mr. Patel reviewed the history of the Robotics Program starting in 2013; 2015 being its first competition. There were 12-13 students with a good parent mentor system. This year, there was 65 members who joined, and fewer mentors due to COVID, and some of the members children having graduated and moved on. A challenge is the decline in the number of parent mentors. Dylan Wolter, Technical President of the Robockets, shared that, he has learned a lot about public speaking, teaching, and learning. There is pride in having student led teams. The goal is to teach the incoming group how to lead with the seniors graduating.

Mr. Wise reviewed that Representative Brad Jones was impressed with the program. The offer was made to earmark the \$25,000 into the House budget. That is only one half of the budget. We hope that Senator Lewis will support this as well. We hope to support the Robotics Program and help get mentors and an assistant coach stipend.

Mr. Robinson questioned if all the money would need to be spent in this year, and Ms. Bottan will do more research on the specifics.

Discussion included the stipend and what accounts they are coming from. The parent coach commented that the assistant coach is needed because if Mr. Strout is not in the workshop the kids can't be in there.

E. Brandt moved, second by Ms. Nazzaro to approve the submission of a letter to Senator Lewis and Representative Hegarty and Representative Jones in support of a \$25.000 earmark in support of the RMHS Robotics Team. The vote carried 6-0.

## G. Mr. Brant moved, and second by Mr. Robinson to approve the Consent agenda. The vote passed 6-0.

#### **Old Business**

## I. Mr. Brandt moved, second by Mr. Robinson to take out of order item D1, School Choice Grade & School Open Seat Projections. The vote passed 6-0.

Ms. Bottan: Reviewed the Overview of School Choice Program slide and the timeline of the process slide as well.

Identifying seats was two tiered: identifying Boston enrollment, looked at class sizes and spaces that were open within classrooms. These seats were reviewed with school leaders as well.

Dr. M- commented that these number are conservative. Where we are adding students will have minimal impact on class size. For example: 16 students to 17 students in a class.

There was discussion around the procedures and how the lottery is implemented. Mr. Robinson suggested that we have our legal counsel speak with other towns who take part in the school choice program.

Ms. Gaffen- Clarified that we receive \$2500 per kindergarten student. It was confirmed that the family pays the remainder. Ms. Bottan clarified that there will be a waitlist.

Mr. Wise- noted that the application does not have a space to note what school the family is applying for. It only lists the grades.

## J. Mr. Brandt Move, and Mr. Robinson second to take out of order item E1, District Improvement Plan Update. The vote passed 6-0.

#### **Recess- 5 minutes**

TOPIC: Policy JFBB – School Choice

At our meeting On May 26<sup>th</sup>, the committee will review and vote to approve updates to Policy JFBB, which pertains to School Choice. The version passed out of the Policy Subcommittee was shared with members of the School Committee last week and is included in the packet. Chair Wise has also created a "clean" version that reflects some minor updates, including clean up of the legal references per discussion with counsel.

We will ask the subcommittee to report out on those updates and discuss any questions or feedback the committee may have. If there are additional edits, we can consider those on the floor per usual procedure.

Thank you.

#### SCHOOL CHOICE

It is the policy of this School District to admit non-resident students under the terms and conditions of the Inter-District School Choice Law (M.G.L. 76:12B) and under the following local conditions:

- 1. That by May 1 of every school year, the administration will determine the number of spaces in each school available to School Choice students.
- 2. That by June 1 of every school year, if consideration is being given to withdraw from the provisions of the School Choice law, a public meeting will be held to review this decision and a School Committee vote is taken to opt out if so determined.
- 3. That the selection of non-resident students for admission be in the form of a random drawing. There will be two drawings for this purpose. The first will take place during the last week of the current school year but no later than July 1st. The second will be conducted during the week immediately preceding the opening of the next school year and will be based on the possibility of unexpected additional openings.
- 4. Any student who is accepted for admission under the provisions of this policy is entitled to remain in the District until graduation from high school except if there is a lack of funding of the program.
- 5. The School Committee affirms its position that it shall not consider or discriminate student applications for School Choice based on race, color, religious creed, national origin, sex, gender identity, age, homelessness, sexual orientation, ancestry, athletic performance, physical handicap, special need, academic performance, or proficiency in the English language.
- 6. A sibling of a child currently attending school through School Choice in Reading will receive preference in the admissions lottery.
